PURPOSE OF THE SCHOOL AND SYSTEM OF INSTRUCTION

The design of the School is to afford a practical and scientific education in the principles of

General Jurisprudence.

The System of Equity Jurisprudence.

The Course for the degree of Bachelor of Laws covers three years.

The case system of study is used. Under this method carefully selected collections of cases are employed as the basis of instruction, the object being to teach the student to deduce legal principles from reported cases, to apply these principles to other cases, and so to develop the power of legal analysis and accurate reasoning by the use of actual decisions of the courts.

Although the aim of the School is to train its students so that they may be qualified to practice law in any common law jurisdiction, special care is taken throughout the course to indicate in each subject the peculiarities of the law of New York. Particular attention is called to the following courses, which have special bearing on the New York law:

1. Common Law and Code Pleading.—In this course the principles of common law and code pleading are taught, and the chief similarities and differences between common law pleading and code pleading (which is in force in New York) are explained.
2. **New York Civil Practice.**—This course embraces a thorough study of the New York Civil Practice Act.

A comprehensive course in Analytical Jurisprudence is conducted which gives due consideration to the ethical and historical aspects of the problems with which the philosophy of the law is concerned.

It is believed that the courses of the School are so arranged as to unite a sound training in the fundamental principles of the law with a training in the practical application of these principles to actual legal work.

Courses in New Jersey Practice and Connecticut Practice respectively are given throughout the year. Either of these courses may be substituted for the New York Practice course by third year students; and, by arrangement with the Registrar, all students may take either of these courses specially, provided there be no conflict with regular courses.

**REQUIREMENTS FOR ADMISSION**

The School of Law is open to men and women. Applicants for degrees must be at least eighteen years of age upon entering the first year course, must be of good moral character and must present:

1. A certificate of graduation from a University or College approved by the Board of Regents of the University of the State of New York; or,

2. A certificate showing successful completion of two years of college work, in a college or university of standing satisfactory to the School of Law, and proof of having obtained a law student qualifying certificate as required by the University of the State of New York and the Rules of the Court of Appeals.

Any applicant who has attended any other law school and has been required to withdraw therefrom, for deficiency in scholarship, will not be admitted to this school.

It should be noted that the University of the State of New York requires certification to it, on its own forms, of completed high school and college work before its law student qualifying certificate will be issued. Applicants are advised, therefore, to obtain such forms as soon as possible from the Examinations and Inspections Division, State Department of Education, Albany, New York, to have same filled out promptly by the high school or college in which the applicant pursued his preliminary studies and returned to the same de-
partment, to secure said certificate. Otherwise serious delay in obtaining the necessary credentials may ensue. As provided in the Rules of the Court of Appeals, of the State of New York, completion of two full years of college study or the equivalent thereof, in addition to graduation from an approved high school, is necessary for the procurement of the law student certificate.

The Department of Education issues annually a publication known as "Handbook 27," which contains full information as to the institutions recognized by the University of the State of New York, and the courses which are accepted as college equivalents. Application for such publication should be made directly to such department.

ADVANCED STANDING

Students complying with the foregoing requirements for admission to the School, who have, in addition, successfully pursued the study of law for at least one academic year in a law school maintaining standards satisfactory to the School of Law, and duly registered by the University of the State of New York, may, on submission of a proper certificate showing successful completion of such work, be admitted to advanced standing. No student will be admitted to advanced standing beyond the second year without the special permission of the Dean.

NON-MATRICULATED AND SPECIAL STUDENTS

A limited number of persons, having a law student qualifying certificate, issued by the University of the State of New York, but not otherwise qualified for admission as hereinafore set forth, will be accepted as special students, not candidates for a degree, on presenting such evidence as the School may require of their fitness to study law. Generally, such students must be qualified by reason of age and other experience so as not to impede the work of the class. The admission of such students, however, is not encouraged.

The attention of applicants under this classification, who intend to seek admission to the Bar of New York, is called to Rule IV of the Rules of the Court of Appeals for the Admission of Attorneys, which provides that applicants for admission to the bar, who have not received the degree of an accredited law school, must have pursued the study of law for four years.

Arrangements may be made also by students who desire to pursue specially one or more courses at regular lecture hours.
STUDIES REQUIRED FOR DEGREE

Every candidate for the degree of Bachelor of Laws is required to take all the courses of the three years, except that third year students may elect any one of the Practice Courses.

REGISTRATION

Every applicant for admission to the School must appear in person at the office of the Registrar in the Woolworth Building to fill out the necessary application blank and to file the required credentials.

The Registrar will receive such applications from the third Monday in June until the opening of classes in September.

Students will not be registered under abbreviated or colloquial forms of recognized names. The registered name of the student will be entered on all certificates and degrees of the School, except in case of obvious error, or where the student shall have filed with the School a duly certified copy of an order of a court of competent jurisdiction permitting a change of name, and proof, satisfactory to the School, of compliance with the terms, if any, of such order.

All students already enrolled in the School must register personally at the Registrar's office prior to the commencement of the school year. Students eligible to enter the third year class must appear for this purpose on the Monday preceding the opening of classes between 9 a.m. and 5 p.m. Students eligible to enter the second year class must appear for this purpose on the Wednesday preceding the opening of classes between the same hours.

Any student who fails to appear as above required will not be admitted to classes without the special permission of the Dean.

Matriculation in course is not permitted in the second semester. Special students, however, may register for courses which are conducted during the second semester only.

The School does not conduct any courses during the summer.

DISCIPLINE

The admission, continuance upon the rolls, and graduation of every student is subject always to the full disciplinary power of the School of Law. Furthermore, since a student may be or become undesirable without being subject to disciplinary action, the School reserves the right to require any student to withdraw at any time
without cause, and without assigning any reason for such action. In such case an honorable dismissal will be given and a rebate of any tuition fee paid will be made pro rata for the unexpired term.

EXAMINATIONS AND GRADES

Written examinations are held at the end of each semester in all subjects completed therein and as essential parts thereof. Classroom work, so far as practicable, is also a determinant of general standing.

Examinations are conducted on every week-day. The hours of examination for all classes will be from 4.00 p. m. to 7.00 p. m., except that the hours on Saturdays will be from 3.00 p. m. to 6.00 p. m.

Excessive absences from lectures will bar the student from examination.

Students must present themselves for examination at the examination held immediately upon completion of every subject unless excused by the Dean. Omission to do so will constitute a failure of such examination by the student.

The standing of students will be indicated by the letters A, B, C, D and F, signifying Excellent, Good, Fair, Poor and Failure respectively. A paper of exceptional merit will be marked A⁺.

A grade of D or better constitutes a passing mark in any subject.

To continue in good scholastic standing, however, a student must maintain a weighted average grade of at least C in every scholastic year. Failure to do so will require the student’s withdrawal from the School.

Failed or omitted examinations aggregating more than two major courses or their equivalent will constitute a failed year. In such case, also, the student’s withdrawal from the School will be required.

Failed or omitted examinations aggregating not more than two major courses or the equivalent may be retaken, in the case of first and second year subjects, at the next regular examinations only, and in the case of third year subjects at conditioned examinations only, held on the five days immediately following Labor Day. If again failed or omitted, the student will be required to repeat the subject.
Failure to pass or omission to take the first examination offered in a repeated course will require the student’s withdrawal from the School.

**LAW LIBRARY**

The library is located on the Broadway front of our quarters, with steady natural light by day, and the most modern system of shaded artificial light for evening work.

The location of the space, on the twenty-eighth floor, looking east, with an unbroken view for many miles, and with quiet assured by the height above the street and the solid walls separating the library from the other rooms, all contribute to its attractiveness.

The library is open throughout the year to the students of the School of Law and its alumni after 9.00 a.m.

A library for the use of the University section of the Evening Division is maintained in the new Library Building on the University grounds. Students in this section have the privilege also of using the library in the Woolworth Building.

**PRIZES**

In every class the student attaining the highest average in recitations and examinations throughout the year will be awarded a prize of fifty dollars ($50.00) in gold.

A prize, known as the CHAPIN PRIZE, consisting of the income of the sum of two thousand dollars ($2,000), established by the will of Mrs. Mary Knox Chapin, widow of Professor H. Gerald Chapin, who for many years and until his death was a member of the faculty of the School, is awarded annually to that graduate of the School who has attained the highest average in his studies throughout the full course at the School. This prize amounts to one hundred dollars.

**ADMISSION TO THE NEW YORK BAR**

The New York State Bar Examinations are open at once to all graduates of the School who are citizens of the United States and for six months actual residents of this State.

Under the revised rules of the Court of Appeals of New York, candidates, passing the bar examinations, who are college graduates are eligible for admission to practice upon satisfying the requirements of the proper committee on Character and Fitness, and upon
completion of the service of a regular clerkship in the office of a practicing attorney for a period of six months after successfully taking the bar examinations. In the case of non-college graduates, the required period of clerkship is one year. Six months of this time may be served before taking the bar examinations and six months thereof must be served after successfully taking the same. At the student's option, successful completion of a fourth year of law study in an accredited law school may be substituted for the first six month's period.
