**THE ALPIN J. CAMERON CHAIR OF LAW**
The Alpin J. Cameron Chair of Law was founded by the late Alpin W. Cameron of Philadelphia to honor the memory of his father, a member of the Class of 1872 Fordham College. The Chair was instituted at the Law School on February 1st, 1957. The first incumbent was Professor George W. Bacon who partially retired in July, 1958. He was succeeded by Prof. Thomas J. Snee.

**FORDHAM LAW ALUMNI ASSOCIATION OFFICERS**
The School of Law

Fordham University is a Catholic institution conducted by the Jesuits. It began as St. John's College. It was founded by Archbishop Hughes upon the old Rose Hill farm at Fordham and formally opened on St. John the Baptist's Day, June 24, 1841. On April 10, 1846, an act of incorporation was passed by the Legislature of the State of New York, which granted it power to "confer such literary honors, degrees and diplomas as are usually granted by any university, college or seminary of learning in the United States."

On June 21, 1904, with the consent of the Regents of the University of the State of New York, the Board of Trustees authorized the opening of the School of Law, the first classes in which were held in the fall of 1905.

On March 7, 1907, the Regents of the University of the State of New York amended the charter of St. John's College, Fordham, so that the corporate name of the college was changed to "Fordham University" and so that its Law Department was given the name of "Fordham University School of Law."

The School is located in the Fordham building at 302 Broadway, which is owned by the University and which houses the City Hall Division of the University. The building is a modern fifteen-story structure. It is situated a block from the civic center of New York, where are located the New York County Court House, the Federal Court House, the Surrogate's Court, and the Municipal and State office buildings. The students of the School thus have ready access to the courts and ample opportunity to attend their sessions. Subway lines to all parts of the city are within two blocks of the building. The School of Law occupies the upper five floors of the building. The Law Library is located on the fourteenth and fifteenth floors. The business office of the Fordham Law Re-
view is adjacent to the Library on the fourteenth floor. Class-
rooms and executive and faculty offices are provided on the three lower floors.

**PURPOSE OF THE SCHOOL AND SYSTEM OF INSTRUCTION**

The design of the School is to give a practical and scientific pro-
fessional education in law. The curriculum includes a study of
the principles of general jurisprudence, the common and statute
law of the United States, the system of equity jurisprudence and
pleading and procedure at common law and under modern codes.

The School believes in the principle of Natural Law that all
men are endowed by their Creator with inalienable rights and
that certain legal implications flow therefrom.

The course for the degree of Bachelor of Laws covers three
academic years in the day division and four academic years in the
evening division.

The case system of study is primarily used, carefully selected
collections of cases being employed as the basis of instruction.
The teacher and the students discuss the assigned materials criti-
cally and comparatively, both with respect to the facts and deci-
sions reached and the rules and principles of law involved. Thus
the students are trained in legal analysis and accurate reasoning,
while at the same time they are acquiring familiarity with the
principles of law and their development through the use of the
actual decisions of the courts.

The School recognizes the fact that a grasp of the broad prin-
ciples of common law is essential for the well-equipped lawyer and
aims to train its students so that they may be qualified to practice
law in any common law jurisdiction.

The School is aware also of the fact that a regrettable phenom-
emon of our times in many centers of legal training is the com-
plete separation of law from morality. It is of the opinion that a
well-grounded lawyer, especially if he is to be equipped to be a
leader in public affairs, should have inculcated in him a sound
philosophy of law. To this end, a comprehensive course in His-
torical and Analytical Jurisprudence is given. Thus due con-
sideration is given to the ethical and historical aspects of the
problems with which the philosophy of law is concerned and to
the traditional scholastic and American viewpoint on the ultimate basis of civil authority and limitations on the power of the state.

It is believed that the courses of the School are so arranged as to unite a sound training in the fundamental principles of the law with a training in the practical application of these principles to actual legal work.

**ACCREDITATION**

This School is a member of the Association of American Law Schools and is on the approved list of the American Bar Association.

**REQUIREMENTS FOR ADMISSION**

The School of Law is open to men and women. Applicants for degrees must be at least eighteen years of age upon entering the first year class and must be of good character.

Every applicant must be a graduate of a college or university approved by the University of the State of New York and must present a certificate that he holds an accredited degree conferred after satisfactory completion of a four-year college course together with a full transcript of his scholastic record.

Where the applicant at the time of forwarding his transcript has not completed all of the college work on which he seeks admission, a transcript of record to the end of his last completed term may be furnished and the transcript for the term which he is then attending is to be transmitted immediately after his completion of the work thereof.

As a prerequisite for admission, an applicant must take the Law School Admission Test. Information about this examination may be obtained at the Registrar's office or by writing to Law School Admission Test, Educational Testing Service, 20 Nassau Street, Princeton, N.J.

Applicants taking the test should request that their score be reported to the Fordham University School of Law. Results will also be sent to the applicant and such other law schools as he may designate.

No special preparation for the test is necessary, as it is intended to measure intellectual capacity and aptitude rather than knowledge of particular subject-matter. The test should preferably be
taken before formal application for admission to the School of Law.

Applicants for admission will be accepted on the basis of their presumptive fitness to pursue the study of law with success as disclosed by their college records, their scores on the Law School Admission Test, and the information as to character and fitness contained in the statement required to be filed by all applicants, as well as such other data as may be available or required.

Any applicant who has attended any other law school and who either has been required to withdraw therefrom or who is ineligible to continue without condition in regular course therein by reason of deficiency in scholarship, or otherwise, will not be admitted to this School.

Applicants whose degrees are not registered by the State Education Department of New York as acceptable to admit the holders thereof to law study, must obtain a Law Student Qualifying Certificate from that department. Those who meet the School's requirements for admission should have no difficulty in procuring such certificate where necessary.

ADVANCED STANDING

An applicant who has satisfied all of the entrance requirements for regular first year students, and in addition has completed successfully one or more years of law study in a law school maintaining standards satisfactory to this School and duly registered by the University of the State of New York, and who is eligible to return to such law school in regular course, may be admitted to advanced standing. The amount of credit which will be given in such a case will depend upon the standards of the school and the quantitative and qualitative record of the student therein. Generally, advanced standing will not be granted beyond the second year in the day course or the third year in the evening course.

STUDIES REQUIRED FOR DEGREE

The required course for the degree of Bachelor of Laws in the day division of the School extends over three academic years, in all of which at least twelve periods of classroom instruction per week are required. Students entering this division are expected to be able to devote substantially all of their working time to law
The required course for the degree of Bachelor of Laws in the evening division of the School extends over four academic years.

The work of the four years in the evening course equals that required in the three years of the day course. The class schedules in the evening course are so arranged that the student is usually not required to attend classes in excess of four evenings every week.

Every candidate for the degree of Bachelor of Laws will be required to take all of the courses prescribed in the curriculum in the First and Second Years. In the Third Year of the day division and the Third and Fourth Years of the evening division part of the courses are prescribed and part are elective. A sufficient number of the latter courses, including at least one of the Practice courses, must be elected by the student to make up with prescribed courses the minimum number of hours required each year.

A student upon making the necessary arrangements with the Registrar's Office, including payment of the additional cost, may take at least one additional elective course per semester, provided there be no conflict with other courses elected or prescribed.

REGISTRATION

Applicants for admission to the School may apply by mail or they may appear in person at the office of the Registrar in Room 1301, 302 Broadway, to fill out the necessary statement and application on the School form and to file the required credentials. The Registrar will mail forms on request.

The Registrar will receive applications for the fall term from the previous December 1st. All applications must be accompanied by a ten dollar application fee. This fee is not refundable in any event and is not creditable against tuition or other charges.

As the School limits the number in every session, and as time is usually required for consideration of the application as well as to procure the necessary credentials and records, early application for admission is desirable.

Students will not be registered under abbreviated or colloquial forms of recognized names. The registered name of the student will be entered on all certificates and degrees of the School, except in case of obvious error, or where the student shall have filed with
the School a duly certified copy of an order of a court of competent jurisdiction permitting a change of name, and proof, satisfactory to the School, of compliance with the terms, if any, of such order.

All students already enrolled in the School must register personally at the Registrar's office prior to the commencement of the school year. Students eligible to enter the third and fourth year classes must appear for this purpose on the second Thursday preceding the opening of classes between 9 A.M. and 5 P.M. Students eligible to enter the second year class must appear for this purpose on the second Friday preceding the opening of classes between the same hours. Any student who fails to appear as above required will not be admitted to classes without the special permission of the Dean.

**DISCIPLINE**

The continuance upon the rolls and the graduation of each student, the awarding of academic credits, and the granting of any certificate or degree are strictly subject to the disciplinary powers of the University. The University reserves the right in its discretion and without stating any reason, at any time to cancel a student's registration, or to refuse to award academic credits, or to deny a certificate or a degree.

The disciplinary authority of the University is vested in the President in such cases as he deems proper, and, subject to the reserved powers of the President, in the deans or other officers upon whom jurisdiction may be from time to time conferred.

**HOURS OF INSTRUCTION**

The classes in the day division are scheduled between the hours of 9:30 A.M. and 5 P.M. on every weekday except Saturday.

In the evening division classes will be held in the evening on every weekday except Wednesday and Saturday, commencing at 6 o'clock. Certain elective courses, however, may be scheduled on Wednesday evening to begin at 6 o'clock.

In the discretion of the faculty, certain elective courses open to day or evening students or both may be scheduled for Saturday morning, to commence at 10 o'clock or 11 o'clock.
Once registered in either a day or evening division of the School, a student may not transfer to the other division.

The School reserves the right to change the hours of classes at any time in the discretion of the Faculty.

Class schedules are published at the beginning of each term.

**ATTENDANCE REGULATIONS**

1. Every student must occupy the numbered seat assigned him. Otherwise an absence will be charged against the student's record even though he be present.

2. Excessive absence during the year bars the student from examinations and cancels all credit for the year's work.

3. Unexcused absence from more than half the lectures in any course bars the student from examination in or attendance credit for such course, even though the student's aggregate absence for the year is not excessive within Rule 2. In such case a failure in the course will be entered on the student's record.

4. Death in the student's immediate family or the serious illness of the student is cause for excuse of absence in the Dean's discretion provided the total of previous absences excused and unexcused plus the period of absence for which excuse is sought is not so excessive as in the Dean's opinion to prevent a certification of good and regular attendance of the student as required by Court Rule.

5. Where absence is sought to be excused for illness, a certificate of the attending physician establishing the fact to the Dean's satisfaction must be filed immediately upon the student's return. This should contain (1) the date of commencement and termination of the illness; (2) a statement of its general nature and (3) the physician's certification that the student was prevented thereby from attending lectures.

6. Students are advised to keep accurate records of their absences, as the Registrar's Office will not issue any warning to them prior to their exclusion in the event of excessive absence as aforesaid.

7. The number of absences charged against a student on the official records is conclusive in all cases except where obvious clerical error appears.

8. Excessive absences under Rule 2: Day Division, 31 hours of
unexcused absence; First and Second Year of the Evening Division, 21 hours of unexcused absence; Third and Fourth Year of the Evening Division, 26 hours of unexcused absence.

EXAMINATIONS AND GRADES

Written examinations are held at the end of every term in all subjects completed therein and as essential parts thereof. Classroom work, so far as practicable, is also a determinant of general standing.

Examinations for all classes will begin at 4 P.M. every day during the examination periods except on Saturdays when they will begin at 2 P.M. Excessive absences from lectures will bar the student from examination.

Students must present themselves for examination at the examination held immediately upon completion of every subject unless excused by the Dean. Omission to do so will constitute a failure of such examination by the student.

The standing of students will be indicated by the letters A, B, C, D, and F, signifying Excellent, Good, Fair, Poor and Failure respectively. A paper of exceptional merit will be marked A+.

A grade of D or better constitutes a passing mark in any subject.

To continue in good scholastic standing, however, a student must maintain a weighted average grade of at least C in every scholastic year. Any student who fails to do so will not be permitted to continue in the School or to be a candidate for degree.

In case a student is permitted to defer an examination, he must take the next examination given in the subject. In the meantime, if on the examinations taken by him his weighted average is at least C, he may be allowed to continue conditionally in the School, subject to his maintaining at least said weighted average grade when the deferred examination is taken. If on the examinations taken by him his weighted average grade is less than C, he will be excluded from the School unless and until on taking the deferred examination his weighted average grade is brought up to at least C.

Failed or omitted examinations aggregating in year-hour value more than one quarter of the required work of any year, will constitute a failed year irrespective of the weighted average grade obtained by the student. In such case the student will not be
permitted to take any re-examination in the failed subjects or to continue in the School or to be a candidate for degree.

Failed or omitted examinations aggregating in year-hour value not more than one quarter of the required work of any year may be retaken at the next regular examinations only, except in the case of subjects in the final year of the course in which conditioned examinations are held on the five days immediately following Labor Day. If again failed or omitted, the student will be required to repeat the subject.

Any student who fails to pass or omits to take the first examination offered in a course required to be repeated as aforesaid will not be allowed to take any further examination therein, or to continue in the School or to be a candidate for degree.

Where the content of a course, in which a student has a failed or deferred examination to take, has changed prior to giving the examination which the student takes therein, the student will be required to prepare himself on the altered content of the course. Should the course be omitted so that no examination is given thereafter in the same, the student may be required to take an additional course and to pass an examination therein in lieu of the omitted course.

No day student will be permitted to enter the third year class with any failed first year course outstanding against him; no evening student will be permitted to enter the fourth year class with any failed first or second year course outstanding against him.

**ACADEMIC YEAR**

The first term of the academic year 1960-1961 will begin on Monday, September 19, 1960 and will end on Friday, January 20, 1961. The second term will begin on Monday, January 30, 1961 and end on Friday, June 9, 1961. Classes will not be held on any legal holiday (except Armistice Day), Election Day, the Friday following Thanksgiving Day, All Saint's Day, St. Patrick's Day, the Feast of the Immaculate Conception and Ascension Day.

The Christmas recess will begin after the close of lectures on Friday, December 23, 1960 and classes will resume on Monday, January 2, 1961. The Easter recess will begin after the close
of lectures on Wednesday, March 29, 1961 and classes will be resumed on Tuesday April 4, 1961.

**ADMISSION TO THE NEW YORK BAR**

Under the revised rules of the Court of Appeals of New York, effective March 1, 1955 and amended Feb. 16, 1956, candidates passing the bar examination are eligible for admission to practice upon satisfying the requirements of the Committee on Character and Fitness in the judicial department having jurisdiction of the candidate's application for admission.

**Law Library**

The Library is located on the fourteenth and fifteenth floors, and immediately above the remainder of the School quarters, which occupy the eleventh, twelfth, and thirteenth floors. The Law Library is well lighted by day and has a modern system of shaded artificial light for evening work. It faces north and west, with a clear view of lower Manhattan, and with quiet and light assured because of its height above the street and its complete separation from classrooms and recreation rooms. Research rooms for the pursuit of special projects, law review conferences, and seminar
activities are available. The quarters of the *Law Review* are adjacent to the Library.

The library contains over forty-five thousand volumes. In it will be found an adequate collection of American and English Reports, including the full National Reporter System, the state reports antecedent thereto in most of the states of the union, and the statutes of substantially all of the several states. In addition there is available an extensive collection of textbooks, treatises, law reviews, and the standard encyclopedias and digests, so that the student has at his command a good working library.

The library is open on weekdays, other than holidays, throughout the School year to students of the School of Law and its alumni, from 9 A.M. to 10 P.M., except on Saturdays, when it is open from 9 A.M. to 5 P.M.

**BOOK STORE**

The University book store maintains a branch in the basement of the building immediately adjacent to the Student Lounge. It sells required texts, legal pads, loose-leaf fillers, pens, pencils, ink, brief bags, keys, rings and stationery. The store is open on Saturdays from 9 A.M. to 1:30 P.M. and on all other weekdays from 10:30 A.M. to 6:15 P.M.

It is estimated that new books for the first semester will cost between $50 and $60. The School does not object to the use of used books.

**CHAPEL**

The building in which the Law School is housed has a ground floor Chapel which is used for Catholic religious services, at which attendance is voluntary. The chapel is a gift from his parents in memory of Pfc. James V. Meade, U.S.A.

**NON-CATHOLIC STUDENTS**

Students of Fordham who are not of the Catholic faith are invited to join their fellows in profiting by the full program of their college or school. However, they are not required to assist at Catholic religious services nor to attend classes in Catholic theology.
STUDENT BAR ASSOCIATION

Fordham is a member of the American Law Student Association, which is affiliated with the American Bar Association and which maintains a Student Bar Association in the Law School. The students who are members of this Association assist in orientation and manage trial and appellate moot courts and social functions. The frequency of the moot courts, closely supervised by three of the members of the Law School faculty, affords ample opportunity for each student to participate as a juror, witness, bailiff, party or attorney. The Student Bar Association also publishes a Law School newspaper, the "Lexagram," and a Student Directory.

THE LAW REVIEW

THE FORDHAM LAW REVIEW is published four times during the school year in October, December, February and April, by a board of student editors chosen on the basis of their scholarship. Every issue contains articles on legal subjects prepared by members of the bar, by law school teachers or by others expert in law, as well as notes on recent decisions and comments on legal subjects prepared by the board of student editors. The publication of the review and its use in various courses is considered a part of the general educational program of the School.
