Dear Ms Ferraro,

WASHINGTON OFFICE

Firstly, CONGRATULATIONS! Women have certainly come a long way.

Secondly, it is with great concern for the future of our beautiful planet that I sincerely hope the Democrats win.

And when you do win, please put an end to hate + ignorance. America's present administration does little to market this image and promote world peace. Their tactic of waving the "big stick" (nuclear arms) is heading us all to an utterly

horrific end. ^{IF SUCH PEOPLE ARE TO DECIDE OUR FATE, THEY MIGHT USE THE INTELLIGENCE THAT SUPPOSEDLY GOT THEM TO OFFICE TO BETTER ENDS! BUT THEY DON'T.}

There are many disadvantaged in this world whose horrible plight is only worsening. People are continuing to be manipulated by fear of unknown or false enemies - and crueler yet, there are millions of hungry, poor people who get hungrier every day whilst billions of dollars go into the production and profits from arms which shall destroy the very earth upon which they lie agonizingly scratching away a meek existence - a single grain. This has got to be stopped, for life does and must have meaning!

What is life without a future - can you blame children who go astray - often because they have no hope? What has happened to America? America must lead the world towards peace if she wishes to retain an image of credibility. She must accept other nation's differing thoughts + behaviour. Please help!

Sincerely yours,
WORLD CITIZEN FOR
PEACE
+ Democrats Supporter
