Dear Mrs. Ferraro:

Now that you are on the road to become a Vice President of this nation, I have decided to send you a copy of my personal ideas, which would make this country a stronger, and happier, and more crime free.

If these ideas would be enacted into law, I have sent a few of these recently to our leading law makers, the enclosed copy begins with "Dear Congressman" I've only added the name to whom it was sent to the word Congressman.

I further believe that our President of this nation and Law makers should have the population in their mind and heart- such as a father of a family would have for his children, I further believe that you as a law maker have these feelings within you.

That is the reason I am sending you the copy of my ideas for the benefit of this nation- I further want to let you know that I speak fluently Italian and Spanish- At any time I can assist you in your campaigning to be elected thru the use of my bilingual ability, do not hesitate to let me know- I can and I am willing to explain how these ideas can come to pass, if you so desire to meet
with you.

I will appreciate a response

with God's help— I remain,

Respectfully—

Dear Congressman

I have received a letter from your office inviting the public to write their ideas and thoughts to you. Well sir, these following ideas are from me,

I know how we can abolish unemployment.
I know how we can abolish bad housing.
I know how we can empty the crowded jails.
I know how we can abolish juvenile crime and adult crime in our cities.
I know how we can abolish truancy of the grade schools.

This Nation should have Social Med. This Nation should have guaranteed employment to everyone that wants to work.
This Great Country should have guaranteed education. We do not have.
This country should have decent service and safe homes for the elderly and the homeless.

Now Sir, if you are interested in knowing from me how these things I have mentioned can be solved. I am willing to meet with you in person and explain, how they can come to pass.

In conclusion, remember among the populous you may find a wise man.

Yours sincerely,

[Signature]

P.S. Please bear in mind that everything costs money, in order to have a happy country and happy populous.
