Dear Mrs Ferraro,

I have watched with interest your financial problems. However, it seems to me that you, a woman, are punished for being a financial success. Your husband is also being punished for being a successful businessman.

Mr Dale did not publish his tax returns when he was running for vice-president. Would his wife have to furnish her returns? Those who shouted the loudest did not publish much about their financial situation.

Because the father of your children supports them

means he must publish what he is worth does it say much for the many rules of government? Are not some of the men in government gaining by work their wives do? Then they should do what you and your husband are demanded to do.

Mr. Tinaro you are successful in your own right your husband is also successful which shows what the American system is all about. In my opinion the press is trying to deny your family this success. This is a free country and we have the right to some sort of privacy.

I wish you luck.

Truly yours
