Astrological Predictions:

U.S. PRESIDENTIAL ELECTIONS

United States of America was born at 2-13 a.m. on 4 July 1776, with the signing of the 'Declaration of Independence', with Taurus (Vrishbha) as 'Lagna', the lord of which is Venus indicative of grandeur, women, etc. It is posited in the Second House of the Wealth of the Nation along with Mars (indicative of War, industry etc.), Jupiter (indicative of Honour, expansion in thinking, Tolerance, etc.) and Sun (indicative of Royalty, Governmental Powers, etc.). Moon (indicative of Mind and Public Popularity) is in the Ninth House of Fate along with the malefic Kethu, which indicates that at times the public popularity of the USA is at a low ebb (inspite of good intentions). The present main period of the country is of Rahu (indicative of political upheavals and manoeuvrings) and the sub-period is of Venus. There is another point worth noting, the current 'Samvata' (year) according to Indian system of astrology, is being ruled by Moon and Venus. This indicates that women would play a major role in those countries where Venus has predominance, like the USA.

On the day of the elections, that is, 4 November 1984, the position of the stars make an interesting reading. Sun is joined with Saturn, both being natural enemies, along with Mercury. This indicates that there might be some violence. Saturn also indicates minorities, meaning that more than usual number of the persons belonging to the minority communities might turn up for elections. Same is the case with Mercury which indicates the young people. Sun is signifying Government in power, Saturn being its enemy, the votes of the minorities might be against the Government.

On the other hand, Mercury is friendly to Sun, the votes of the...
youth might favour the Government in power. The lord of the present period of the country, that is Rahu, is in Taurus (Vrishabha) that is original 'Lagna' of the country being aspected by Venus which is the lord of the sub-period. There would be more women voters this time of the election and they might not vote for the Government.

The horoscopes of President Reagan, Mr. Walter Mondale, Vice-President Bush, Mrs. Geraldine Ferraro, when compared with one another, indicates that scales tilt in favour of Mr. Mondale and Mrs. Ferraro. In fact, the horoscope of Mrs. Ferraro is more powerful than many past Presidents of the USA and can be compared with that of President Lincoln.

While making predictions, the ancient books in India give an injunction : "The astrologer, studying the movements of the planets, can only indicate what is to happen, but who than Lord Almighty can say with certainty as to what would definitely take place." In my little experience, my predictions about the victory of President Carter by about ten per cent votes, by the Grace of God, come true. Let's see what has God in store for the USA this time. Though the Bible has said, "The Meek Shall Inherit the Earth," and 'Donkey' the symbol of Democratic Party is certainly meeker than 'Elephant' which is the symbol of the Republican Party.
