APPEALS UNIT FINDINGS & RECOMMENDATION

Name:	Brodsky, Frank	DIN:	18-B-3086
Facility:	Groveland CF	AC No.:	03-109-19 B

Findings: (Page 1 of 3)

Appellant challenges the February 2019 determination of the Board, denying release and imposing a 15-month hold. The instant offense involves the appellant violated an active order of protection by sending the female victim text messages. Appellant raises the following issues: 1) the Board's decision is arbitrary and capricious because it failed to consider the applicable statutory factors; 2) the Board focused on the instant offense without considering Appellant's institutional efforts or release plan; and 3) the Board ignored the COMPAS instrument and was predisposed to deny release. These arguments are without merit.

As an initial matter, discretionary release to parole is not to be granted "merely as a reward for good conduct or efficient performance of duties while confined but after considering if there is a reasonable probability that, if such inmate is released, he will live and remain at liberty without violating the law, **and** that his release is not incompatible with the welfare of society **and** will not so deprecate the seriousness of his crime as to undermine respect for the law." Executive Law § 259-i(2)(c)(A) (emphasis added); <u>accord Matter of Hamilton v. New York State Div. of Parole</u>, 119 A.D.3d 1268, 990 N.Y.S.2d 714 (3d Dept. 2014). Executive Law § 259-i(2)(c)(A) requires the Board to consider criteria which is relevant to the specific inmate, including, but not limited to, the inmate's institutional record and criminal behavior. <u>People ex rel. Herbert v. New York State Bd.</u> <u>of Parole</u>, 97 A.D.2d 128, 468 N.Y.S.2d 881 (1st Dept. 1983).

While consideration of these factors is mandatory, "the ultimate decision to parole a prisoner is discretionary." Matter of Silmon v. Travis, 95 N.Y.2d 470, 477, 718 N.Y.S.2d 704, 708 (2000). Thus, it is well settled that the weight to be accorded the requisite factors is solely within the Board's discretion. See, e.g., Matter of Delacruz v. Annucci, 122 A.D.3d 1413, 997 N.Y.S.2d 872 (4th Dept. 2014); Matter of Hamilton, 119 A.D.3d at 1271, 990 N.Y.S.2d at 717; Matter of Garcia v. New York State Div. of Parole, 239 A.D.2d 235, 239, 657 N.Y.S.2d 415, 418 (1st Dept. 1997). The Board need not explicitly refer to each factor in its decision, nor give them equal weight. Matter of Betancourt v. Stanford, 148 A.D.3d 1497, 49 N.Y.S.3d 315 (3d Dept. 2017); Matter of LeGeros v. New York State Bd. Of Parole, 139 A.D.3d 1068, 30 N.Y.S.3d 834 (2d Dept. 2016); Matter of Phillips v. Dennison, 41 A.D.3d 17, 21, 834 N.Y.S.2d 121, 124 (1st Dept. 2007). In the absence of a convincing demonstration that the Board did not consider the statutory factors, it must be presumed that the Board fulfilled its duty. Matter of Fuchino v. Herbert, 255 A.D.2d 914, 914, 680 N.Y.S.2d 389, 390 (4th Dept. 1998); Matter of McLain v. New York State Div. of Parole, 204 A.D.2d 456, 611 N.Y.S.2d 629 (2d Dept. 1994); Matter of McKee v. New York State Bd. Of Parole, 157 A.D.2d 944, 945, 550 N.Y.S.2d 204, 205 (3d Dept. 1990); People ex rel. Herbert, 97 A.D.2d 128, 468 N.Y.S.2d 881.

STATE OF NEW YORK - BOARD OF PAROLE

APPEALS UNIT FINDINGS & RECOMMENDATION

Name:	Brodsky, Frank	DIN:	18-B-3086
Facility:	Groveland CF	AC No.:	03-109-19 B

Findings: (Page 2 of 3)

The record as a whole, including the interview transcript, reflects that the Board considered the appropriate factors, including: the instant offense involving the appellant sending text messages to his ex-girlfriend in violation of an order of protection; Appellant's prior violations of orders of protection; his institutional efforts including completion of ART and GED, vocational welding, and good disciplinary record; and release plans to live with his fiancée's parents and work in construction. The Board also had before it and considered, among other things, the case plan, the COMPAS instrument, and the sentencing minutes.

After considering all required factors, the Board acted within its discretion in determining release would not satisfy the standards provided for by Executive Law § 259-i(2)(c)(A). In reaching its conclusion, the Board permissibly relied on the instant offense of criminal contempt in the first degree and Appellant's criminal record including multiple violations of orders of protection. See, e.g., Matter of Boccadisi v. Stanford, 133 A.D.3d 1169, 20 N.Y.S.3d 477 (3d Dept. 2015); Matter of Davis v. Evans, 105 A.D.3d 1305, 963 N.Y.S.2d 485 (3d Dept. 2013); Matter of Lashway v. Evans, 110 A.D.3d 1417, 1418, 974 N.Y.S.2d 164, 165 (3d Dept. 2013); Matter of McKee v. New York State Bd. of Parole, 157 A.D.2d 944, 550 N.Y.S.2d 204 (3d Dept. 1990). The Board encouraged the appellant to complete and obtain his EEC.

Appellant's contention that the Board improperly ignored his low COMPAS scores is incorrect. The 2011 amendments require procedures incorporating risk and needs principles to "assist" the Board in making parole release decisions. Executive Law § 259-c(4). The Board satisfies this requirement in part by using the COMPAS instrument. Matter of Montane v. Evans, 116 A.D.3d 197, 202, 981 N.Y.S.2d 866, 870 (3d Dept. 2014); see also Matter of Hawthorne v. Stanford, 135 A.D.3d 1036, 1042, 22 N.Y.S.3d 640, 645 (3d Dept. 2016); Matter of LeGeros v. New York State Bd. of Parole, 139 A.D.3d 1068, 30 N.Y.S.3d 834 (2d Dept. 2016); Matter of Robles v. Fischer, 117 A.D.3d 1558, 1559, 985 N.Y.S.2d 386, 387 (4th Dept. 2014). This is encompassed in the Board's regulations. 9 N.Y.C.R.R. § 8002.2(a). However, the COMPAS is not predictive and was never intended to be the sole indicator of risk and needs as the Board gets risk and needs information from a variety of sources, including the statutory factors and the interview. Notably, the 2011 amendments did not eliminate the requirement that the Board conduct a case-by-case review of each inmate by considering the statutory factors including the instant offense. The amendments also did not change the three substantive standards that the Board is required to apply when deciding whether to grant parole. Executive Law § 259-i(2)(c)(A). Thus, the COMPAS cannot mandate a particular result. Matter of King v. Stanford, 137 A.D.3d 1396, 26 N.Y.S.3d 815 (3d Dept. 2016). Rather, the COMPAS is an additional consideration that the Board must weigh along with the statutory factors for the purposes of deciding whether the three standards are satisfied. See Matter of Rivera v. N.Y. State Div. of Parole, 119 A.D.3d 1107, 1108, 990 N.Y.S.2d 295 (3d Dept. 2014); accord Matter of Dawes v. Annucci, 122 A.D.3d 1059, 994 N.Y.S.2d 747 (3d

<u>Findings</u>: (Page 3 of 3)

Dept. 2014); <u>see also Matter of Gonzalvo v. Stanford</u>, 153 A.D.3d 1021, 56 N.Y.S.3d 896 (3d Dept. 2017). That is exactly what occurred here. The Board considered the COMPAS instrument and explained it was departing from low COMPAS scores because of Appellant's repeated violations of orders of protection. As such, the decision is consistent with amended 9 N.Y.C.R.R. § 8002.2(a).

Finally, there also is no evidence that the Board was predisposed to deny release. <u>See Matter of Gonzalvo v. Stanford</u>, 153 A.D.3d 1021, 56 N.Y.S.3d 896 (3d Dept. 2017); <u>Matter of Hakim-Zaki v. New York State Div. of Parole</u>, 29 A.D.3d 1190, 814 N.Y.S.2d 414 (3d Dept. 2006); <u>Matter of Guerin v. New York State Div. of Parole</u>, 276 A.D.2d 899, 695 N.Y.S.2d 622 (3d Dept. 2000).

Recommendation: Affirm.
